Look at our New Stock of Chewing Tobacco, from 20c to 45c per pound. Good Smoking Tobacco, 20c per pound.

On March 3, 1890, I will commence to do a CASH BUSINESS. I believe it is to the best interest of all to buy their goods at cash prices, and not pay the old, long time price. I shall mark my goods accordingly low. I believe in selling more goods at a smaller profit, and am bound to do it if prices will tell. I want my clerks to earn their money, and not wear out their clothes bottoming chairs. Hereafter no goods will leave the store until paid for. This means EVERYBODY.

—L. G. Johnson bought a farm just south of town from John Reddig this week.
—Three cars of cattle were shipped east from this station the first of this week.
—Some of our Isaac Walton's were out fishing this week. Too previous. Not a nibble.
—Several loads of nice potatoes sold on the street this week for 50 cents per bushel.
—An effort is being made to organize a class in short hand with Prof. Rea as instructor.
—Mrs. A. B. Jones returned Monday night from visiting friends at Clay Center, Kansas.
—The Railroad Company has been enlarging and improving the stock yards in the west part of town.
—A. L. Gleason killed a white swan north of town this week which measured seven feet from tip to tip of its wings.
—Dr. J. H. Jones, of Grinnell, Kansas, came down Monday on account of the sickness of his daughter, Mrs. D. A. Borah.
—Will Kelly and John H. March slaughtered 21 ducks on Big creek last Saturday. Will says some of them were as big as turkeys.

—Geo. J. Shepard in company with his faithful little cane and a cigar box full of lynch, departed for Des Moines, Iowa, in search of greener pastures Tuesday.

—J. W. Hopkins, of the U. S. land office received a telegram last Monday from Denver, stating that his sister, Mrs. Boyd McMay was dead. Mr. Hopkins started for Denver Monday night.

—We took a drive last Sunday, several miles northeast of town, and were very agreeably surprised to see the amount of spring work already under headway by the farmers along the Saline. —We see some of the western papers are agitating the question of state division. We are not in favor of this grand state being divided but are in favor of the west being organized as a part of Kansas.—Lane County Herald. We endorse the above fully. One and undivided should be our motto and at the same time we should insist on equal rights.

—T. J. Burgess writes from Atlanta, Ga., that he will be here soon. Mr. Burgess is the owner of the Asa Adair ranch, and contributes over two hundred dollars to our treasury in the way of taxes.
—John A. Nelson has announced himself as a candidate for District Judge of this judicial district. S. J. Osborn is a candidate for re-election and D. Rathbone, of Ellis, has abided his cantor in the ring within a day or two. K. E. Wilcoxon, of Logan, would like to be addressed as "your honor" and we understand that R. C. Jones, of Gove county, is affected in the same way. It is an honorable position and we don't blame anybody for trying for it, at the same time you can't all get it and we only say, "May the best man win."
—While at the depot Thursday night waiting for the train and wondering if its arrival would yield an item or two of news to the weary searcher after locals, we were approached by a dirty ill-clothed specimen of humanity, who in humble tones enquired if we had any "chewin' terbacker." We had and while we watched the pleasure so plainly depicted on his grimy countenance as he masticated the delicious "natural leaf" we applied the reporter's pump and were surprised to find that we had unearthed a little romance. Fifteen years ago, in the city of New York, this tramp became separated from an only sister, she being sent west by the "home for the friendless" to a home in the west. At this time he was but about 8 or 9 years of age. From that time until about six weeks ago, nothing was heard from her, when he received a letter from her saying she was married and living in Denver. Moved by an irresistible desire to see his long lost sister and undismayed by the fact that he had not a cent in his pocket, he had at once set out on his pilgrimage. For almost six weeks, day and night, by express, freight or on foot, he had pressed on "bumming his chuck" but, said he, as a suspicion of moisture shone in his blue eyes, "if I make a good lay on this train to-night, I will be awful close to Minnie to-morrow morning when they kick me off." And we hope he was.

DECLARATION OF PURPOSES.

Profoundly impressed that we, the Farmer's Alliance, united by the strong and faithful ties of financial and home interests, should set forth our declaration of intentions, we therefore resolve:
1. To labor for the education of the agricultural classes in the science of economical government, in a strictly non-partisan spirit.
2. To endorse the motto: "In things essential, unity; in all things, charity."
3. To develop a better state, mentally, morally, socially and financially.
4. To create a better understanding for sustaining civil officers in maintaining law and order.
5. To constantly strive to secure entire harmony and good will among all mankind, and brotherly love among ourselves.
6. To suppress personal, local sectional and national prejudices, all unhealthy rivalry and selfish ambition.
7. The brightest jewels which it garners are the tears of widows and orphans; and its imperative commands are, to visit the homes where lacerated hearts are bleeding, to assuage the sufferings of a brother or sister, bury the dead, care for the widow and educate the orphan; to exercise charity toward offenders; to construe words and deeds in their most favorable light, granting honesty of purpose and good intentions to others; and to protect the principles of the Alliance unto death. Its laws are reason and equity; its cardinal doctrines inspire parity of thought and life; its intention is, "Peace on earth and good will toward men."
